Report on Youth Parliament and Voter Awareness Campaign

JSPM's Imperial College of Engineering and Research, Wagholi, Pune has organized a one day workshop on Youth Parliament and Voter Awareness Campaign on 20th March 2018.

Youth Parliament is important for developing innovative ventures by minds, facilitating leadership skills and thinking power and increasing awareness on issues of global importance amongst young people. It is, therefore, necessary that at college stage a suitable programme is devised to train students for their role as citizens in a democracy. Education should make students competent enough to consider public issues and form their opinion on them judiciously. Youth is a season of hope and aspiration. It is proper to take advantage of this and develop in our young students the necessary civic competence. A good citizen is supposed to be an expert in human relations. This expertness is needed at many points; in inter-group relations; across the table in discussion; in family affairs; in local and national affairs. The meaning of citizenship is not only confined to knowing rights and duties, but also extended to areas of human behaviour. We must have suitable programme to train our students in the field of human behaviour.

In democracy, it is not simply enough to inform voters about election dates. In order to help the electorates take an informed decision, it is quintessential to sensitise them about the importance of participating in the electoral process. Moreover, voters need to be educated about the process and made aware of the political parties, their manifestos, backgrounds of the contesting candidates and armed with several other information to help them cast an 'enlightened' vote.

The chief guest for this program was Mrs Monika Singh, Deputy Collector/Dy. Election Officer Pune. She guided students regarding election procedure. Students of all departments are participated in Youth Parliament. Students have prepared state ministry(Vidhansabha). Students are debated on different issues.
